**Recreation and Leisure Services Administration
Online Graduate Certificate in Event Management Program
Final Course Offerings**

Due to budget reductions being implemented by the university, including the suspension of several programs, the Certificate in Event Management program will be affected by these reductions in the coming years. Students beginning courses in the fall will be afforded the opportunity to complete the certificate before the program closes.

The Certificate Program includes four courses of study. All courses require a grade of C or higher. Courses can be taken in any order, with the exception of LEI 5942 Event Practicum. This course requires prerequisites of LEI 5316, LEI 5317 and LEI 5563 prior to enrollment. Please note the final course offerings to ensure your timely completion.

A completed application for the Event Management program must be received prior to awarding of the certificate. **The application will no longer be available after May 1, 2010.**
